## TABLE: SITE SIZES AND FEES

Site size	Powered	Non-powered
8m x 3m (basic site)	\$275	\$170

**POWER REQUIREMENTS:** Connection to one 10 amp power outlet is included with a site. If you need to connect to additional power outlets to run your camping equipment or vehicle you must book and pay for additional power outlets. All campers must provide their own power leads. All campers will receive non-transferable tags to attach to leads; any lead found plugged in without a tag will be unplugged and confiscated. **Note: it is compulsory for ALL leads (even brand new leads) to have been safety tested & tagged before they can be used on the grounds.**

### How to work out your camping site requirements:

Camping on the grounds is in very high demand. There are restrictions on how many sites are available.

Powered and Non-Powered sites are not available as adjacent sites. If you need more than one site you must book all sites as the same type, i.e. all powered or all non-powered.

Measure the vehicles and equipment that you wish to have parked on your camping site. Work out the total space required then consult the table above to work out how much space is required and the correct fees, and fill in the amounts on page 1 of this form. If your camping equipment will not fit on one 8m x 3m site you are required to book and pay for additional sites, sufficient to accommodate all camping equipment and vehicles.

Please note that ALL requested camping sites must be fully paid for at the time of entry.

### **Camping Rules:**

**Camping is only permitted for the period 12.00 noon Wednesday 21 February 2018 to 9.00 am Monday 26 February 2018.**

Please ensure you read the site rules and requirements before applying for camping. All applications for camping must be made at the same time as entering your Cattle for the 2018 Show.

Camping sites will be allocated according to the size of vehicles & camping facilities as specified on this form. **If your camping equipment exceeds your allocated space you will be moved to another location at the direction of the Camping Staff.** Vehicles allowed on the camping site will only be the camping equipment as specified for a single site. Every vehicle must be applied for on the camping form to receive authorised camping stickers. **Vehicles must be housed only on the site booked. Any vehicle not authorised will be removed from the camping zones and moved to the public parking areas outside Gate 8.**

**Camping site costs – all sites are booked for the period 12 noon Wednesday 21 February to 9.00 am Monday 26 February inclusive regardless of length of stay. Fees are payable in advance as per the table above.**

**Electricity** Many vehicles require connection to more than one 10 amp power outlet. If you require more than one 10 amp outlet additional power can be supplied at \$30.00 per 10 amp outlets. Each power outlet paid for will qualify for an authorised tag to attach to your power lead. **Unauthorised leads will be removed.** A reminder that all leads must be provided by exhibitors and that all leads must have a current safety tested tag.

At all times campers must abide by the directions given by the Camping Supervisor or their supporting staff. Failure to abide by the Camping Staff directions will lead to removal from the site. With over 5,000 campers each camping group must stay on their allocated space and not impinge on any other camp site or camping group. When signing the camping application form it is agreed that you have read and understood ALL camping rules and regulations and will abide by them. Exhibitors removed from the grounds will be ineligible for any refunds.
