POWER REQUIREMENTS: Connection to one 10 amp power outlet is included with a site. If you need to connect to additional power outlets to run your camping equipment or vehicle you must book and pay for additional power outlets. All campers must provide their own power leads. All campers will receive non-transferable tags to attach to leads; any lead found plugged in without a tag will be unplugged and confiscated. **Note: it is compulsory for ALL leads (even brand new leads) to have been safety tested & tagged before they can be used on the grounds.**

How to work out your camping site requirements:

Camping on the grounds is in very high demand. There are restrictions on how many vehicles will be allowed. Exhibitors are entitled to request ONE camping 'site'. A single site can accommodate ONE of the following 3 options:

1. One car/ute/4WD and one of the following: caravan or trailer/float or tent OR
2. One rigid truck OR
3. One articulated vehicle combination e.g. one towing vehicle & one float OR one complete gooseneck rig

Any additional car/ute/4WD, truck, tent, caravan, trailer or float may not be included on this single site; exhibitors are to apply for a secondary site large enough to accommodate these extra vehicles/equipment and this site will only be allocated if there is sufficient space. If there is not enough room on the site(s), extra vehicles can be parked in the public car park just outside Gate 8 at no charge (a pass will be provided). Powered and Non-Powered sites are not available as adjacent sites. You can book a powered camping site as your main camping site and a non-powered site as a secondary site to accommodate extra vehicles, but these sites will not be located together. Measure the vehicles that you wish to have parked on your main camping site. Please note that ALL requested camping sites must be fully paid for at the time of entry.

Camping Rules: Camping is only permitted for the period 12.00 noon Tuesday 25 February 2020 to 9.00 am Monday 2nd March 2020

Camping sites will be allocated according to the size of vehicles & camping facilities as specified on this form. **If your camping equipment exceeds your allocated space you will be moved to another location at the direction of the Camping Staff.** Vehicles allowed on the camping site will only be the camping equipment as specified for a single site. Every vehicle must be applied for on the camping form to receive authorised camping stickers. **Vehicles must be housed only on the site booked. Any vehicle not authorised will be removed from the camping zones and moved to the public parking areas outside Gate 8.**

Camping site costs – all sites are booked on a flat rate basis for the period 12.00 noon Tuesday 25 February 2020 to 9.00 am Monday 2 March 2020. Fees are payable in advance as per the payment table on page 1.

Electricity Many vehicles require connection to more than one 10 amp power outlet. If you require more than one 10 amp outlet additional power can be supplied at \$30.00 per 10 amp outlets. Each power outlet paid for will qualify for an authorised tag to attach to your power lead. **Unauthorised leads will be removed.** A reminder that all leads must be provided by exhibitors and that all leads must have a current safety tested tag.

At all times campers must abide by the directions given by the Camping Supervisor or their supporting staff. Failure to abide by the Camping Staff directions will lead to removal from the site. With over 5,000 campers each camping group must stay on their allocated space and not impinge on any other camp site or camping group. When signing the camping application form it is agreed that you have read and understood ALL camping rules and regulations and will abide by them. Exhibitors removed from the grounds will be ineligible for any refunds.

Please note that camping sites are limited; there is no guarantee that applications for site(s) will be successful. Fees for unsuccessful applications will be fully refunded.
